## WE'RE ALL IN THIS TOGETHER

Owned and operated by the Episcopal Dioceses of Los Angeles and San Diego – where all are welcome – Camp Stevens provides a warm and inclusive community for all. We're committed to making sure each camper feels welcomed and accepted. All campers are assigned to an Adventure Group of 12-14 campers that become their family for the week. Each group is led by two counselors and a resident staff member, who – through games, crafts, challenges and fun – help the group create positive relationships. Over and over, we hear from campers that the best part of their week is the time they spend in their Adventure Group, where they build friendships, develop interpersonal skills and learn more about who they are.

*"I had the BEST week of my life."*

– Wilderness Trip Camper

*"The rafting trip was an amaaazing experience!"*
